

Gold House Weekly Update

Upcoming Assessments:

April 12th: *Social Studies* Westward Expansion CSA

Science Students will wrap up the Matter Unit in Science class this week by completing the final part of the unit CSA - Shading the Periodic Table and Element Families. *Work will be done in class and turned in on Wednesday.* Absent students will need to arrange to get the needed materials and will need to turn in the finished project on Monday, April 24.

May 1st: *English/Language Arts* novel projects due. This is a CSA.

Notes from the staff:

- 8th grade students will continue Forward testing on Tuesday, April 11th.
- The 8th grade will have their skating field trip on Thursday, April 13th.
- Science and social studies classes will both begin new units following spring break. In science class students will begin learning about chemical interactions and bonding, and in social studies class the students will begin learning about the Civil War.
- The *Collections* textbook for English/Language Arts class (which includes the *Close Reader*) can now be accessed on line. Logins may vary. Try the options at my.hrw.com:

User name: Last name student ID# Password: student ID#
or try User name: 21first initial last name Password: gsd ID#

- Math 8 students can access their Big Ideas math texts online. The books can be logged into through the website: www.bigideasmath.com
- All students can access their social studies and science textbooks online. Log-in information is the same for both classes. The books can be logged into through the website: <https://connected.mcgraw-hill.com/connected/login.do>
- Access the Gold House website for a weekly list of homework assignments.
